A NEW CHURCH, &c.

FLAT CREEK, N. C., July 3rd, '85.
Messrs. Editors:—A new church has just been completed in this section and is called Clark's Chapel. It is located about two miles north of Weaverville in an excellent community. A Sunday School has just been organized here with Mr. William S. Chambers as superintendent. He has aided him a corps of competent teachers. They are thoroughly enticed with the work and have the tact of awakening in their pupils a desire to study. Each teacher endeavors to investigate fully, as much as possible that great and good book. We hope this school will continue to flourish and that it may accomplish much good in this community.

An exchange says that Col. E. P. Howell, of the Atlanta Constitution, Col. J. H. Estill, of the Savannah News, and Hon. Patrick Walsh, of the Augusta Chronicle, are believed to be willing to accept the democratic nomination for Governor of Georgia. Such a nomination would be equivalent to an election, but while we do not underrate the honor of being governor of the great State of Georgia, says the Knoxville Journal, we do not believe it would add to their distinction in the least. The positions they occupy at the head of their several newspapers are as honorable as any state, and their opportunities for serving the state far better.

WARSAW, IND., July 4.—The limited express west on the Ft. Wayne road yesterday struck and instantly killed an unknown man five miles west of here. He stood by the side of the track until the engine was too close to stop and then stepped on the track and looked the engineer in the face until he was hurled into the air. Nothing was found on his person by which he could be identified.

Sam Jones' efforts to save Texas reminds one of the old lady who attacked the Chicago fire with a garden hose twelve hours after it started.—Macon Telegraph.

PERFECTION

IS WHAT WE ALL AIM AT!

And to say that we have attained to that is an untruth; but to say that by hard work and honest dealings we have established a business in Asheville that is a source of great satisfaction to us and to our customers, is to state "plain facts to a candid public."

In all known places in this world there are people who think that by sending their orders away from home they can get better and cheaper goods. For the benefit of such persons, we will make the following broad assertion, viz:

That we can duplicate any bill in our line, bought by parties outside the trade,

when freights and drayage are counted in; and in most cases that have come under our observation we have been able to save the purchaser from 5 to 10 per cent.

Then there are other parties who will order from New York a barrel of Sugar and box of Tea, and when out go to their grocer and buy 5 to 10 lbs. sugar and 1-4 lb. tea, and because they do not get them at same prices as they paid in New York by the barrel or box, will say that they can't pay such prices, and make another order and pay more than they would have to pay at home. Turks Island salt won't save such people.

We are glad to state that there are but few such people of Asheville, and that the great majority were quick to see that it was to their interest to buy at home. Not only the people of Asheville, but of all Western North Carolina, are availing themselves of the advantages offered by us in the way of

Low Prices for the necessities of life.
